

PREMIGUARD™

ROOFING RESTORATION

*Revitalize virtually any roof
with a brand you can trust*

Distributor

Premium Spray Products is the nation's leader in the development and sales of cutting-edge technology for roofing and waterproofing. We are a distributor that believes in using only the highest quality products. When it comes to roof protection, we use silicone coatings by **GE**. With this trusted brand, we can provide you with a silicone roof coating that delivers lasting performance.

Premium Spray Products' **PREMIGUARD™ Restoration System** protects and revitalizes an existing roof eliminating the need to tear it off. The system enables you to quickly and effectively restore practically every type of roof. Because Premium only distributes and utilizes silicone coatings by **GE** for this system, warranties as long as 15 years are available for a **PREMIGUARD™** restored roof.

Silicone Coatings by GE offer a variety of benefits that help enable continuous roof protection.

Performance

- **Silicone chemistry:** Delivers lasting performance
- **Exceptional durability:** Resists weathering from ultraviolet rays, rain and extreme temperatures
- **Waterproof:** Guards against standing (ponding) issues
- **Maintains aesthetics:** No plasticizer migration; resists color fading

Application

- **Project flexibility:** Outstanding adhesion to most roofing substrates
- **Great flow properties:** Low-sag or slump; material "hangs on peaks"
- **Labor savings:** Easily applied in just one coat up to 40 mils
- **No capital outlay required:** Existing spray equipment typically may be used

Reliability

- **Trusted Brand:** For 40 years, silicone coatings by GE have delivered outstanding performance
- **Silicone Pioneer:** More than 70 years ago, GE's commitment to innovation fueled the discovery of silicone and through the years, silicone solutions by GE have provided unsurpassed quality and innovation

Distributor

1255 Kennestone Circle, #200 · Marietta, GA 30066 · 770.528.9556 · PremiumSpray.com

Since GE first developed silicone chemistry in 1940, GE Silicones have provided exceptional quality and innovation. Premium Spray Products is the nation's leader in the development and sales of cutting edge technology for roofing and waterproofing. Together they can provide you with a silicone roof coating that delivers lasting performance.
